## WORK EXPERIENCE

<b>Web Development • Internship</b> OctaNet Services Pvt Ltd, Virtual	May 2024 - Jul 2024
During my 2-month internship as a Web Developer at OctaNet from May to July, I built responsive and user-friendly web pages using HTML, CSS, and JavaScript, ensuring cross-browser compatibility. I led the development of interactive features to enhance user engagement and drove optimization efforts to improve website performance by reducing load times through efficient coding practices. Additionally, I learned and implemented modern web development frameworks to streamline the development process	
<b>Web Development • Internship</b> CodSoft, Virtual	Dec 2023 - Jan 2024
During my 1-month internship as a Web Developer at CodSoft from December to January, I designed and implemented visually appealing and responsive user interfaces, ensuring compatibility across multiple devices. I collaborated on integrating interactive features to enhance functionality and usability. I focused on improving website efficiency by refining code structures and reducing redundancy. Additionally, I explored and applied cutting-edge web development tools to streamline workflows .	

## EDUCATION

<b>B.Tech, Computer Science &amp; Engineering</b> Amity University Lucknow Campus	2022 - 2026
<b>Senior Secondary (XII), CISCE</b> Jyoti Niketan School Azamgarh	2021
Percentage: 83.00%	

## TRAININGS / CERTIFICATIONS

<b>Google Cloud Computing Foundation</b> Aug 2024 - Oct 2024 IIT Kharagpur, Virtual
I completed an 8-week Google Cloud Computing Foundations course offered by NPTEL in collaboration with IIT Kharagpur, where I gained a comprehensive understanding of cloud computing concepts. The course covered fundamental topics such as cloud infrastructure, virtual machines, storage, networking, and application deployment. I worked on hands-on projects and practical assignments that deepened my knowledge of Google Cloud services and their real-world applications. This experience enhanced my technical skills and provided valuable insights into the potential of cloud technologies in solving modern computing challenges.

## SKILLS

• HTML	• CSS	• JavaScript
• Java	• Data Structures	• C Programming
• C++ Programming		

## EXTRA CURRICULAR ACTIVITIES

- have participated in the prestigious Amity Designers Award at the Amiphoria College Fest! It was an incredible experience showcasing creativity and talent alongside fellow designers
- I coordinated the CRC(Corporate Resource Cell) volunteer team for AMIPHORIA Power Sponser . Working with such a dedicated and passionate group has been incredibly rewarding. Together, we've achieved so much and had a lot of fun along the way. We made it by teamwork, dedication, and making a positive impact
- Thrilled to have served as a coordinator for the international workshop at Amity University Lucknow Campus with Taylor's Universit.It was an incredible experience working with brilliant minds from around the world. Grateful for this opportunity.
